FIRE CAUSES \$5,000 LOSS AT POULTRY FARM

NEW MOVIE STARTS RUN

"Ride 'Em Cowboy" with Abbott & Costello is the new movie which started its run last night, according to Kay Otsuji, business manager of the Motion Picture Dept.

Short subjects will also be shown.

GET MARRIAGE LICENSE NOW

C. R. Carter, deputy county clerk, announces that all those contemplating marriage within the next few weeks should get their marriage license immediately since he will leave on a two-week vacation this week-end.

Chicks Killed, Building Destroyed Monday Morn

Tule Lake Project suffered the second major fire disaster in its history early Monday morning, July 5, when a fire of unknown origin broke out in one of the poultry farm buildings, killing 5740 chicks and destroying more than half of the structure. Loss was estimated at approximately \$5,000, \$3,000 of which includes the cost of the chicks and brooders, and an estimated \$2,000 for the building.

The blaze was discovered about 4:30 a.m. by the night watchman. Since there is no 'phone connection between the Project and the poultry farm, it was necessary for him to come to the Project to report the fire. By the time the Fire Department arrived at the scene of the fire, most of the damage had been done.

About half of the chicks, from 3 to 20 days old, were suffocated by the smoke.

The building was one of many on the Project poultry farm; fortunately the others were out of range of the blaze.

First major fire was recorded at Tule Lake on the morning of August 14, 1942 when a blaze caused a \$4,000 damage to Canteen #3.

PERSONS OWNING FOREIGN PROPERTY MUST REPORT

Every person in the United States having any interest, direct or indirect, in any property in a foreign country, must report such interest to the Treasury Department before August 31, 1943. Intangible as well as tangible property interests are included.

Persons owning less than \$1000.00 worth of property, outside the United States, need not report. However, if they own property in several foreign countries of the aggregate value of more than \$10,000.00 they must make the report.

A few other exemptions are provided for by the regulation, but they are rather complex and

it is suggested that any person who is in doubt as to his status should consult the project attorney for assistance in procuring and filling out the necessary forms.

Heavy penalties are provided for persons violating the regulation.

RESIDENTS WARNED AGAIN

PROJECT MUST USE LESS WATER

There has been no tendency on the part of evacuees to use less water this last week, according to F. W. Slattery, head of Engineering Section. On May 28 the amount of water used on this Project dropped from 1,800,000 gallons per day to approximately 1,400,000 gallons per day, and the amount of water used since then has fluctuated between the latter quantity and approximately 1,350,000 gallons per day.

Mr. Slattery warns that this is almost twice the amount of water necessary for a city of this size, one in which there are no factories or ordinary establish-

ments common to other cities.

Colonists are urged to use less water immediately, the total daily use not to exceed 675,000 gallons per day. A constant water reserve is essential, especially during the summer when there is a danger

from fires. If this reserve is not maintained voluntarily, it will be necessary to shut off the water from the Project several hours each day, Mr. Slattery said.

The greatest amount of water is used in the showers. Colonists are urged to use the water for a shorter period of time and to turn off all faucets in the washrooms after making their ablutions.

ON FURLOUGH

Pfc. Joe M. Onchi from Camp Robinson, Ark., arrived on July 3, and is visiting his mother at #7201-C.

Two Sunday arrivals are Pfc. George S. Harada of Ft. Jackson, South Carolina, staying at #7211-E, and Pfc. Hiroshi Tambara of Camp Hale, Colo., staying at #3119-A.

EUGENE OKADA'S OUR TOWN

FOURTH OF JULY

...was successfully celebrated over the week-end with thousands of persons participating in the various events.

Softball continued to draw huge crowds as the evenly matched ward teams battled it out for the City-wide softball championship. Every game turned out to be "you never can tell until the last man's out" thrillers with plenty of fire added to it.

Mexican delicacies like hot tamale and tortillas proved quite popular, being sold out as fast as it could be served. Gallons and gallons of ice cream and soda found its way into the never-to-be-satisfied stomachs of the Tuleans. Other items that were sold out are ice cream sodas, pie a-la-mode, watermelon, peanuts, etc. No doubt the lunch that was handed out was insufficient, or was it touched at all?

Sunday evening saw THE biggest crowd ever to witness a talent show, which was held at the newly renovated outdoor stage. It is estimated that about 8,000 persons watched the program that was designed largely for the issei.

Bon odori on Saturday evening proved to be quite hilarious as scores of boys danced the colorful ondo bedecked in weird costumes. Art Morimitsu's emcee-ship was an unexpected highlight. You'll make Camp Savage yet, Art. MEN VS. WOMEN

...forum should prove to be quite exciting as Jobo Nakamura, Harry Mayeda, and Corky Kawasaki vie against such feminine representatives as Joan Mari, Masako Tsujikawa and Mrs. Sada Murayama. Jobo, Harry, Joan and Masako are taking great risks on their future matrimonial blessings (?). Both teams are ready to "fire away", it was revealed.

OUTSIDE COOPS OFFER JOBS

Mr. Sulo Laskso, Business Enterprises Superintendent of the War Relocation Authority in Washington, D. C., in his letter to Mr. Don Elberson, Chief of Community Enterprises, writes that Mr. Sam Achelman, Manager of the Eastern Cooperative Wholesale in Philadelphia, says, "We need capable produce workers in the retail outlets, men from the camps, where they could do general work or on our trucks....When an opportunity opens we could move them into a retail produce job. The starting salary in the warehouse would run between \$30 and \$35 a week."

The local Co-op Management states that, "Through the efforts of these men, real opportunities for work in cooperative organization are continually being presented to the colonists and a splendid chance for advancement is provided. Opportunities in cooperative organization offer a means for the Japanese Americans to identify American Society. We urge every seriously thinking young man who is planning to enter a stable and progressive cooperative to contact Mr. Don Elberson at 717-A immediately."

BIG FOURTH GAME

NATIONALS NOSE OUT 12-11 VICTORY OVER AMERICANS

The National League All-Stars nosed out a 12-11 victory over the American League All-Stars last Sunday in a holiday encounter as over 3500 faithfuls witnessed the contest. Both teams squandered hits, committed errors, and seemed to get tangled up in their own feet, but never-the-less the game turned out to be a thriller to the end.

National took an immediate lead in the first two innings by slamming Seibo Fujii's deliveries for six runs. Johnny Nakao started on the mound for the National and loaded the bases on walks and wild pitches, and was relieved by George Goto to stem the rally at the end of the first canto. Taking advantage, the American desperately tried to retaliate but was held scoreless.

Being held scoreless the first two innings, at the third frame, three hit spree and base on errors contributed to the American's five runs.

The score at the end of the third canto was 6-5. But at the beginning of the fourth, the National started a spirited merry-go-round with Nakao getting on with an error, followed by a walk issued to S. Horio. After F. Horio grounded out, Ishimoto took base being hit by a wild pitch thus loading the bases. Itani followed with base on error scoring Nakao. Consecutive singles by Ike and Hoshiko succeeded by a long fly by Yamamoto amassed the runs to five, making the score at the end of the fourth frame 11-5 in favor of the National.

Thereafter the American scored at least one run throughout the innings and the National was held scoreless till the last, when one run was scored when Makimoto drew a walk and advanced to second on a sacrifice by J. Horio. A hit to center field by S. Horio scored Makimoto which turned out to be the

WARD 3 WINS, MEETS WARD 2 IN CITY FINALS TONIGHT WARD FIVE DRUBBED BY 12-4 COUNT

Slamming out 3 runs on 4 hits in the very first inning, the Ward 3 All-Stars proved to be too much for the hard fighting Ward 5 All-Stars and walked away with a 12-4 victory. Although allowing ten hits, southpaw Tom Kiyama kept them well scattered while his team mates garnered 16 well-placed blows, with Kiyama getting three for three himself.

Slugger Frank Sanjo lived up to his reputation by clouting a beautiful homer past the center-field spectators in the sixth with two on, adding insult to injury to the helpless Ward 5 players.

winning run for the National.

The score at the end of the first half of the ninth frame was 12-10 with National leading.

The American came up in the last half of the ninth with desperate hope of over-taking the lead. This hope seemed to be fulfilled when Kurahara took free pass, followed by an error on the first baseman putting Tomita on first and advancing runner to second, a hit by Mayeda loaded the bases. Then Tanaka drew a walk which forced in a run.

At this crucial time, with bases full and no outs for the American, Horio who was on the mound then for the National was relieved by Matsumoto. Tomita, over-anxiously trying to score the tying run was cut off at the plate when a slight over throw to third by catcher Makimoto was picked up by shortstop Nakao and was immediately relayed home.

After a strikeout and a ground out the side was retired and the game ended with National 12 and American 11.

HARDBALL MGRS. MEET TONITE

Rules and Regulations for the coming hardball season will be discussed at the managers meeting which is scheduled for tonight at 1808 from 7:30 p.m.

All teams who are going to participate must have a representative there since those teams without representation will not be able to enter later.

Sam Maeda is the hardball commissioner.

Ward 5 All-Stars showed a spark of life in their half of the sixth when R. Kurahara caught one to his liking and belted it into deep left for a four-bagger, after Sam Kinoshita got on base on an error. However, their rally died then as only Uchikura was able to reach first base. They tallied once more in the seventh with a walk and G. Nakao's hard hit double.

Both Sanjo and Kurahara were awarded one dollar in cash, presented by Peter Osuga for all home-runs hit during that specific game. Kurahara also had a perfect day at bat, hitting three for three.

Tonight's final between the slugging Ward 3 All-Stars and the rugged Ward 2 All-Stars for the Tule Lake Ward Softball Championship should prove to be quite an exciting game.

Although the Ward 2 team is a slight underdog, the Hawaiian studded team should not be underestimated. The game will be held at field 17-26 from 6:45 p.m.
